transcript: An e-Journal of Literary and Cultural Studies is a peer-reviewed international journal published bi-annually in June and December every year by the Department of English, Bodoland University, Assam, India. It publishes original research articles and book reviews in an open-access format.

The journal provides an intellectual platform to the writers, critics and scholars of Humanities and Social Sciences who are interested in the fields of literature and culture. It works as an agency to link the stakeholders of literary and cultural criticism, and thus, helps to promote knowledge and ideas in the concerned fields of studies. The journal publishes literature reviews, book reviews and research articles. Whereas the focus is on Folk Literature, Culture, Film studies, Environmental Humanities, Ecocriticism, English Literature and Literatures in English, articles on translated literary texts can also be submitted provided such texts are available in English translation. We encourage submissions that are theoretically well-formulated, critical and engaging. Each essay should situate the thesis within the context of an ongoing discourse so that the contribution becomes contemporary and relevant.
